40th Anniversary Edition Part 2

Brief

New energies are entering here on earth.

CCWH has been consistently in the Light of Higher Awareness and asks for your support and involvement to assure it will go on far into the future. Invite a friend to join us on our chapel services and/or inform them about the programs.

Now and in the next few years we are all part of the last piece of the redemptive process which was launched by Jesus.

Our Community Light

The very good news is that we are reenergizing!

CCWH is re-introducing programs in Spiritual Awareness in a four part series. This is designed to aid in personal transformation so needed at this time in history as never before as we transit into the new.

In February there will be a meditation program with other input on the Awakening process and bringing in peace and Light.

Our emphasis on Peace which was launched last November's "Day of Peace" continues in these programs. In truth, it is that the Christ Consciousness alone which will stop all war. Any conflict, within or outside the self, is war. The Christ Consciousness which is the center of our being, is the place where there is perfect inner peace.

No matter what aspect of healing one pursues, this is the core of knowledge which must accompany all true healing and just as important is the understanding of how to achieve this state and how to apply the principles. Many who read this already understand this.

“it’s time for Reiki”

Early on, we were blessed to have Rev Wilma Donald’s ability to teach Reiki to those who had identified healing as a way to express their spiritual talent.

Wilma’s teacher was John Gray, a student of Mrs Takata, who spread Dr Usui’s information. The purity of the original teaching was not lost because of her ability to conduct energy as it needs to be delivered to the one in need.

Over the years, she and Rev. Elizabeth Good continued to not only teach all levels of Reiki, but also the Magnified Healing system as given through the Divine feminine energy from Quan Yin.

These instructions are always available at CCWH.

Comments:

As a registered nurse of over 60 years and now as pastor of CCWH, I am very aware of the increasing need to have more spiritually prepared and spiritually astute Light workers who are in the position to help others in their spiritual awakening and quest for understanding as well as inner peace.

To that end we are also planning to go forward with some emphasis on healing work and the development of sensitivity in relationship to all aspects of holistic work and human relations.

Inner work is necessary to develop the potential of the individual and the relationship to God, the IAM presence from which all that is perfect is manifested. The future of our world and the world at large, depends on this alignment.

Rev Mary
Huber

Meditation is the foundation of all spiritual development. On **February 17th from 10am to 2pm** at the Hunters Woods Community Center in Reston, we have the first of a program series. This will give you the opportunity to return to this ancient technique and invite others to accompany you as well.
